

Solar Raceway Wire Management System is your best choice for your solar array installation.

An innovative, but practical design focused on addressing wiring and balance of system solutions, without compromising simplicity, efficiency, and durability. Comprised of 3 main components that interlock together: Base, Cable Tray, and Top Cover. Its open Top Cover feature allows you to lay wires into the Cable Tray. When wiring is complete, simply snap the Cover to the Tray. The result is a sleek-looking, quality product that reduces installation time and labor costs.

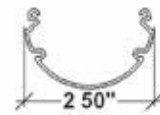

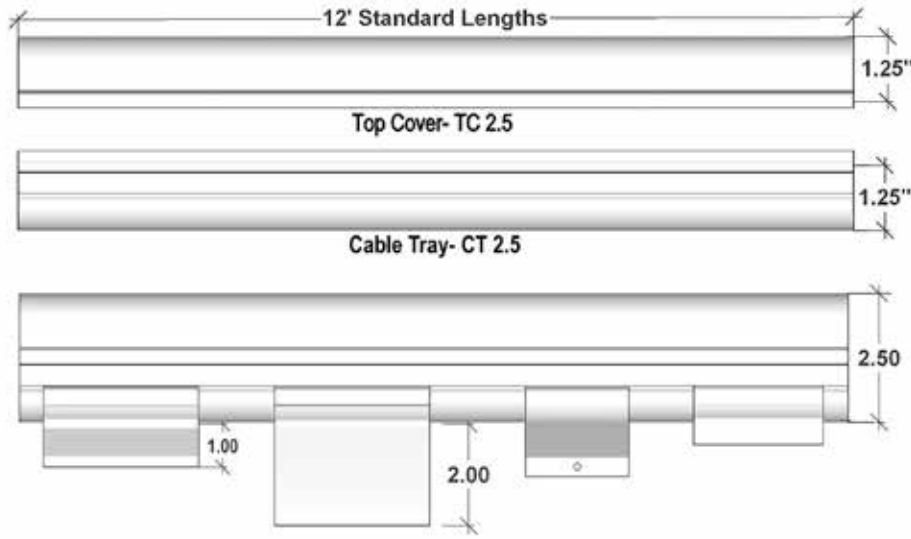

Features

- Base, Cable Tray, and Top Cover lock together as an assembly.
- Shipped in 12 foot lengths with x4 bases, expansion sleeve, copper braided grounding lugs, rubber grommets, and installation hardware.
- Notching pre-installed to customer's specifications, and all wire entries protected with rubber grommets.
- Bases are square grooved to securely hold roof manufacturer's double-sided seam tape (tape not included).
- Sizes available: 1.5" diameter (1.75 in² cable fill space), 2.5" diameter (5 in² cable fill space), and 3.5" diameter (9.5 in² cable fill space).
- Various types of Elbows, T's, and End Caps available.
- Designed for all types of solar installations.
- Comes in satin anodized finish, but can be custom finished to most anodized or powder coat colors.
- Modern aesthetic design that appeals to property owner.

Benefits

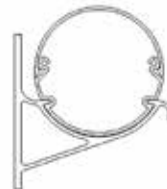

- An open top cable tray system which allows you to lay in wires. No pulling, no threading!
- Sustainable product made of 100% Aluminum!
- Reliable and durable, resists damage from harsh environments and UV light.
- The radius design withstands high wind locations.
- Designed not to retain moisture.
- Product is lightweight, yet sturdy, and easy to move.
- Top cover can be re-opened and securely closed again.
- For portrait or landscape, outdoor to indoor installation, can be mounted vertically and even upside down.
- Totally enclosed. Protects wires for the longevity of the solar array and wires are hidden for a clean, clutter-free roof top.
- Keeps out dirt and debris, and also prevents insects and small animals from entering.
- UL Listed E472380 Cable Tray.

Short Base- SB 2.5

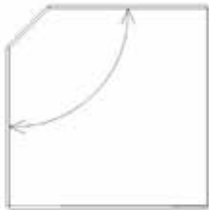

Tall Base- TB 2.5

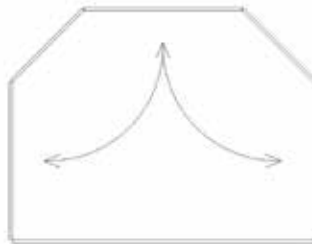

Conduit Tray Bracket- CTB 2.5

Metal Roof Bracket MRB-2.5

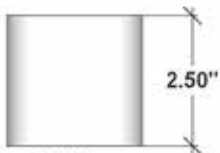

Split 90- S90 2.5

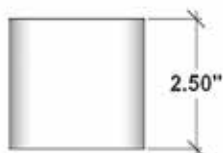

Split T Connector-STC 2.5

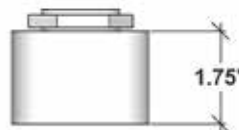

Split Expansion Sleeve (Self Grounding) SES 2.5

End Cap- EC 2.5

Conduit Connector- CC 2.5

EMT Connector- EMTC 2.5

Expansion Sleeve- ES 2.5
